

Water Resources Survey

Watershed Questionnaire

(Please use back of page if providing more than one answer)

1. Please tell us your affiliation in the community: _____.

2. Please indicate your concerns in the watershed by ranking each of the following categories by Not Concerned (NC), Somewhat Concerned (SC), Concerned (C), Very Concerned (VC), or N/A.

- _____ Sediment accumulation in river and/or streams
- _____ Address other stream impairments (chloride, dissolved oxygen, erosion)
- _____ Vegetation cover along streams, including riparian areas/buffers
- _____ Solid waste disposal (electronics, appliances, etc.)
- _____ Address runoff from urban areas
- _____ Address runoff from agricultural areas
- _____ BMP implementation for urban/agricultural areas
- _____ Flooding
- _____ Flood damages to homes, businesses, schools, etc.
- _____ Opportunities for recreational activities
- _____ Aesthetic quality (water)
- _____ Quality and diversity of aquatic/wildlife
- _____ Stormwater management and control
- _____ Public involvement (education and outreach)
- _____ Land use management and land use controls (including mining practices)

3. Are there any additional concerns that you have within the watershed that are not included in the list above? If yes, what are they and would they be ranked as SC, C, or VC, using the abbreviations listed above?

_____ Yes
 Concern _____
 Ranking _____
_____ No

4. Are you aware of past BMP implementation in your area? If so, were these BMP's successful?

_____ Yes _____ No _____ Types of BMP
_____ Successful? _____ Not successful?

5. How long have you been a resident within this particular watershed?

_____ Years

6. Do you live within a mile of Pond Creek? If so, have you experienced any flood damage near or to your home/property?

_____ Yes; how many times in the last 10 years? _____.

_____ No

7. How close is your home or business to the nearest stream?

_____ Less than 100 feet

_____ More than 100 feet but less than 500 feet

_____ Over 500 feet

8. To your knowledge, in what year did the last damaging flood (damages to homes or businesses) occur in this watershed?

9. Would you be interested in attending water quality workshops in your area? If so, what types of workshops? Please be specific (E.g. stormwater management, agricultural, etc.)

_____ Yes; If so, what type? _____

Please provide your email address in the space below

_____.

_____ No

10. Would you be interested in volunteering for water quality activities in your area?

_____ Yes; please provide your email address in the space below

_____.

_____ No

11. What types of BMPs would you want to see be implemented in your area? #1 being the most important. Feel free to use the open space on the back of this page if you have more ideas.

- 1. _____.
- 2. _____.
- 3. _____.
- 4. _____.
- 5. _____.

12. In the past two years, which of the following have you done to protect water resources? Check all that apply.

- Installed a rain garden or rain barrel
- Installed stream bank buffers/vegetation
- Planted trees
- Planted native landscaping
- Swept excess fertilizer off driveway/sidewalk
- Swept excess grass clippings off of driveway/sidewalks
- Picked up and properly disposed of leave debris from yard/ neighborhood and/or pet waste
- Took household hazard waste collection to center
- Washed your car at the carwash
- Washed your car on the grass
- Serviced septic tank every 3-5 years

13. List any problems with water resources (flood control/lake/other project purpose) not discussed so far and suggest any measures you believe may mitigate the problem:

Describe Problem #1 _____

What do you suggest be changed to help with the problem, if any

(Continued on next page)

Describe Problem #2_____

What do you suggest be changed to help with the problem, if any

Describe Problem #3_____

What do you suggest be changed to help with the problem, if any
